Radios

1. Deputy Chief is working on the final touches for the updated radio templet.
2. The radio tuning and programming will be scheduled once the radio shop has the new templet built for our radios.

Old Items (Still Working)

1. SDA training
 - a. Board and Chiefs conference / training
 - i. SDA Annual Conference 12-14 September
 - ii. Registration has been completed. All meals are paid for this event.
 - iii. Lodging has been done and we can check on the 11th of September and check out will be on the 14th. The event will be completed by noon.
2. Agency SOP / By-laws
 - a. The Deputy Chief and I are working on updating the department SOP's and merging some of the volunteer by-laws into department revised SOP's.
 - b. The by-laws are being reviewed by the volunteer committee and making recommendations. Once the By-laws are done then we will be able to complete the SOP's
3. New 3512
 - a. The new 3512 is scheduled to go in for the lights on 11 Aug. Once the install is complete, we will start getting the equipment installed on the truck. We should have the truck in service in about 30 – 45 days.
4. New 3513
 - a. The truck is repaired, and we are waiting for the final graphics designed. Once that is completed the truck will go in for the installation.
5. Teen Camp
 - a. The camp was a success. We are going over the program and seeing what we need to tweak going forward. We have a waiting list for the next camp. We may be looking at 2 camps next year. We have

received a lot of positive remarks on social media and from the teens that attended the training.

6. Storm damage
 - a. We had 4 trucks damaged by hail. We know that the 2002 Red Ford 350 is totaled, the 2008 Chevy suburban is also on the line of being totaled. 3500 and 3501 vehicles are going to be repaired.
 - b. We have located a place to complete the repairs that work primarily on emergency vehicles that will complete the work on vehicles 3500 and 3501.
 - c. Watts has a 2021 F150 that is fitted with lights and equipment that has about 25K for mileage that can replace the 2 vehicles with. It was a demo unit for Westin.

New

1. Deployments
 - a. We have several SOCO team members that are assigned to us deployed to Texas. They left on Aug 3 on a 15-day roll. Due to the type of deployment, we are upfront on all costs to include motels, food and other needs that may arise. All costs that are incurred during this deployment will be reimbursed.
 - b. Tender 3523
 - a. They went on board to be deployed the crew have been identified.
2. Auto Aid / Mutual Agreements
 - a. Hanover, Fountain, Security, Stratmoor Hills and Ft Carson are working on a formal auto aid agreement. This will help to formalize the verbal agreements along with helping with our ISO rating.
 - b. Hanover, Fountain, and Pueblo West have scheduled a meeting to go over formal response plans for the interstate in Pueblo County.
3. Old 3541
 - a. We have the old 3541 that is up for sale. The company that purchased our last truck is interested in this truck. As the others are ready to sell, we will be putting them up to sell.
